

**“For over 20 years I have served Xerox customers in Northern Ontario with Gabe Tessaro being a vital role in the service delivery to my territory. Moving up from being a Certified Xerox Service Professional working in the field to becoming the Service Manager for most of Ontario, I can say that there wasn’t a customer that did not like to work with Gabe. Being able to balance customer needs with corporate accountability while respecting and being fair to his team members and employees was not always as easy task, but one that Gabe always handled in a very calm, fair and professional manner. He would be an asset to work with if you are trying to improve the overall service delivery of your organization.”**
